DEDON Summer Home: A place to belong

Golden light spills softly across an open veranda, the air alive with salt and sun. In the heart of Portugal's Algarve, where rugged cliffs meet the endless ocean, the DEDON Summer Home captures the very essence of summer living. It's more than just a place — it's a feeling. A celebration of life's simple pleasures, where time slows, connections deepen, and every moment becomes a canvas for unforgettable memories.

Here, every detail invites you to relax and feel at home, to embrace the beauty of authenticity. Spaces are alive with vibrant hues and natural tones, blending seamlessly into the surrounding beauty. Comfortable, beautifully crafted furniture creates inviting spaces to unwind, share stories, or savor life's most treasured moments.

Whether you're seeking the serenity of a private retreat or the vibrant energy of gathering with loved ones, the DEDON Summer Home inspires you to embrace the best of every summer day. It's a place where outdoor living feels effortless, and every detail is designed to celebrate human connection and bring people closer together.

The spirit of the DEDON Summer Home isn't bound by location. It's an invitation to bring the beauty, warmth, and joy of summer into your own life. A reminder that the feeling of endless days, wide horizons, and genuine connections can be created anywhere. With thoughtful design, natural textures, and bold colors, any outdoor space can become your personal sanctuary.

The beauty of summer is yours to define.

The ocean calls you back to yourself. Dive in. The first touch of cool water awakens the senses: Your skin tingles, thoughts quiet. Let the water wash away everything but this moment. Salt on your skin, sun on your face — this is where you remember. You find who you are when you strip away the noise. The warmth isn't just the sun — it's the feeling of coming home to yourself.

Connect with the eternal. Feel the ease. Return renewed.

Step out of the sun and into the breath you've been holding. Here, in the cool embrace of shade, time takes a different shape. Filtered light dances across soft cushions. A gentle breeze carries the scent of summer through open spaces.

This is the art of pause — the in-between moments where vacation truly begins. Where you sink deeper, think slower, simply be.

Sun and shadow. Movement and stillness. Savor the pause.

Savor

everything

Under open skies, time stretches deliciously around the table. Preparations flow, courses linger, and conversations deepen. Meals outdoors are a sensual pleasure where flavors are enhanced by warmth and fresh air.

Here, summer unfolds at its own pace. Warm air carries laughter and the hum of cicades. Cool drinks catch the light. Bare feet find shade beneath the table as hours slip by unmarked. This is summer at its finest.

The day unfolds. Pull up a seat. Let summer hold you.

Summer weaves its own rhythm. Days unfold between sun and shade, salt and softness. You surrender to the heat, then to cool water. New impressions arrive like gifts — textures, light, the subtle shift from barefoot to beautifully undone.

And then, the spaces that answer. Tables crafted for ease. Places where care moves invisibly, where every thread of intention has been woven into something greater than comfort. You arrive and feel it immediately — this quiet understanding that here, you can release what you've been holding. The day rounds itself into grace.

Let yourself be kept. Feel the care. Belong here.

The Power of *Retreat*

Water breaks the spell of heat. You slip under and surface grinning, droplets catching light as they fall. Joy rises unbidden, buoyant as your body in the blue. Later, sun-warmed wood holds you as heat seeps into your limbs. A magazine rests nearby, pages turning lazily as new thoughts drift in with the breeze. The world opens wide above you, or narrows to a whisper as you curl beneath dappled cover. Your mind empties and refills. This is the rhythm — immersion, sun, refuge. Each moment restores what the others ask you to spend.

Dive deep. Drift away. Emerge refreshed.

You don't plan it. You simply see what's possible and move — chair dragged across terracotta-colored sands, hands reaching into green.

Surrounded by leaves and light, nature becomes both provider and companion. Pomegranates hang heavy, within reach if you're willing to stretch. The impulse to pluck one yourself, to create your own pleasure, feels as natural as breathing. This is what summer makes room for — spontaneity woven into abundance, connection found in the simplest gestures.

Reach for it. Make it yours. Let nature nurture you.

Tables gather beneath the tree. Hands move between bowls and boards — sharing, tasting, savoring. Laughter rises, a glass is poured. Summer reveals its generosity. Nature becomes your kitchen, your ceiling, your companion. Walls dissolve. The tree shelters, the breeze carries conversation, the earth provides all you need. Anticipation feels as rich as the feast itself. Together, you create abundance, and old rhythms return with ease.

Make room. Make plenty. Let the day overflow.

Layers

harmony

There's a particular pleasure in sitting just apart. The space holds room for both — being with and being apart. Close enough to hear laughter, far enough to keep your own pace. A chair cradles you — generous, elegant for now. You watch, you smile, you toss a comment into the air when it feels right.

This is the freedom summer offers. Outdoors becomes comfort. Solitude lives alongside company. The threshold between belonging and retreating disappears, and suddenly both feel like the same thing.

Stay a little longer. Take it with you. Let summer live on.

Summer isn't just what happens here — it's what you take with you. The ease. The openness. That feeling of standing at the edge of something bigger and feeling completely at home. The horizon doesn't end the day; it promises there's always more waiting.

Born from the vision to redefine outdoor living, DEDON weaves together pioneering innovation, masterful artistry, and world-class design — crafting spaces where life’s most cherished moments naturally unfold.

NESTREST:
The icon of
the outdoors.

DEDON was founded on innovation, beginning with its groundbreaking fiber, luxurious yet weatherproof. What followed was a revolution in outdoor living. DEDON engaged world-renowned designers. Established its own fiber lab and production facilities in Germany, along with zero-waste furniture manufacturing on Cebu Island in the Philippines. Created icons of modern design. Added new materials to the mix. Garnered the most prestigious awards. And extended its reach to more than 100 countries.

35 years ago, DEDON launched an outdoor revolution. Innovative by nature, the company never looked back.

the elements.

The *DEDON* *Fiber*

Strong enough to withstand the elements. Supple enough to weave into art. Versatile enough to inspire the world's leading designers for more than 3 decades. That's DEDON Fiber, the standard of quality. The material that sparked a revolution in outdoor living by setting a new benchmark in luxury and durability for outdoor furniture.

DEDON fiber reflects DEDON's commitment to excellence, with products that endure even the harshest environments — whether in deserts or on the decks of yachts and cruise ships. Researched, developed and manufactured at the company's own state-of-the-art production facilities in Northern Germany. Resistant to chlorine, salt water, and sun. Beloved by customers for its luxuriousness of color, texture and touch.

At DEDON, specialists and leading designers work side by side, continuously innovating new profiles and textures to suit the designs of individual collections. Never settling for less than the best.

Unique among outdoor brands, DEDON owns and operates the entire production of its luxurious hand-woven furniture, from fiber to frame to finished product.

DEDON Fiber: unbeatable for its strength, weather-resistance and beauty.

DEDON Fiber endures where others cannot, delivering the unmatched quality and durability that have become synonymous with our brand.

To date, DEDON EcoCycle Fiber finds expression in collections like SEALINE, SEASHELL NUO, and SEASHELL GRAND.

A journey towards sustainable excellence

Guided by a mission to foster sustainable alternatives, DEDON is dedicated to exploring and integrating sustainable materials. The groundbreaking DEDON EcoCycle Fiber exemplifies this commitment to sustainability. This innovative material reflects our mission to provide environmentally conscious choices without sacrificing quality or performance.

Derived 90 % from plant-based resources, DEDON EcoCycle Fiber is an eco-friendly alternative to conventional, fossil-fuel-based products. The remaining 10 % consists of pigments and stabilizers to ensure the quality of the fiber. DEDON EcoCycle Fiber offers the same luxurious look and texture as traditional DEDON Fiber along with the same unrivaled strength and weatherability.

Produced in DEDON's cutting-edge facilities in Germany, DEDON EcoCycle Fiber upholds the same exceptional quality standards and warranty as classic DEDON Fiber.

Heartquarters

DEDON produces its handwoven furniture exclusively at its own zero-waste facilities on Cebu Island, Philippines, where master weavers create woven patterns of incomparable artistry and innovation. DEDON first went to Cebu Island, for the talent of the weavers, but it stayed for the smiles, the culture and the way of life.

The company regards Cebu as its second home, providing an excellent work environment and social benefits that promote teamwork and camaraderie.

DEDON's aluminum frames are precision-welded by hand.

Established in 2000, DEDON Philippines is strategically located in the heart of Cebu Island's furniture district. Our 15,500 square meter manufacturing center is a bustling hub of creativity and expertise, where around 260 expert craftsmen work diligently every day.

The Art of *Weaving*

The art of weaving, deeply rooted in the history of Asia, is a skill inherited and perfected by our master weavers in the Philippines, who are among the most talented in the world. Their creativity and expertise are showcased in weaving patterns of incomparable intricacy, innovation, and artfulness.

Our artisans employ diverse techniques and fiber types to skillfully create designs ranging from light and open to solid, tightly woven patterns, resulting in each piece of DEDON furniture being a distinctive and handwoven masterpiece.

Manufactured entirely in-house, every woven DEDON creation is the embodiment of modern technology and centuries-old artisantry.

Passion for Quality

DEDON selects only the finest materials for its luxury outdoor furniture, working exclusively with suppliers who share its passion for quality. From premium teak to industrial-strength ceramic to advanced fabrics from the US and Europe, every material suits the individual needs of its collection. DEDON provides the perfect selection for any setting, ensuring that users can savor the pinnacle of outdoor living.

Tabletops Overview

CERAMIC

The tabletops of the coffee and side tables are made of Monolite Ipergres®, a cast ceramic material that is frost-proof, non-absorbing, and highly resistant to indirect tensile stress, impacts, scratches, and abrasion. These ceramic tabletops are handmade, which may cause variations that make each piece unique. Clean with a soft cloth and warm water.
